NOVA SCOTIAN
GUIDES SERVICE

Good morning, NS Guides

The Nova Scotian Guides Service would first wish you and you family a Merry Christmas and Happy New Year.

The Association has been very busy in 2024 and we hope you will come to the AGM on January 12 to hear all the reports and learn what is planned for 2025. The meeting will be held at the Depot in Shubenacadie starting at 10am. Along with the committee reports there will be the audited financial statement, a report relating to paying guide course instructors, the election for the Board of Directors, Vinal and Brad are retiring but all positions are open for election and a discussion on starting a Cape Breton committee of the NSGS.

Other items will be a new plan relating to fishing guide workshops and more on the guide courses.

The Junior Guide School Committee had its most successful school in 2024, and the 2025 school will be held from July 6th to the 11th. The school has a need for some more volunteers and we would also encourage you to sponsor a youth as a start to them getting into guiding.

The Service now has 156 members and is growing every week, A survey and membership renewal will be coming out soon where you can tell the new Board of Director you expectation for 2025.

We hope things are good and we look forward to seeing you at the AGM.

Carroll Randall
NSGS Secretary
